

Lee was up in the cash box to tell Ann that we went up to 2 guards. Some guy asked where phone was to dial 911. Ann asked "What's going on?" and he told them about the drowning. Lee stayed with the grandson in the picnic area during the 911 call. Then, she helped the brother call his grandfather and told him to come to pool. Lee tried to calm down the brother ~~and~~ during the rescue.
