

I was in the guard stand
in the shallow end of the pool -
Angela then yelled for me to
clear the pool. She said there
was a body in the deep
end right in front of her -
I then went down to the
deep end and helped Angela
pull him out. ~~Angela~~
~~and Ann Margeret~~ performed
CPR and I ran to open
the gate for the EMS and
ambulances to get in. Then
~~the~~ the EMS did their
job and put him on a
stretcher
